In this episode, *SpongeBob's* pineapple is consumed by nematodes, leaving him homeless. Characters Synopsis Nematodes. A crowd of hungry nematodes arrive in Bikini Bottom early in the morning and eat a variety of items. Upon reaching *SpongeBob's* pineapple house, they pull out straws and start drinking the juice inside it. Meanwhile, *SpongeBob* and *Gary* are inside, sleeping, as everything starts to shrink. *SpongeBob* and *Gary* wake up and rush into the living room as *SpongeBob* calls *Squidward* on the phone, and *Squidward* asks if it is time for *SpongeBob* to ruin his day. Then *Patrick* gets up asking, "Is it already time to ruin Squid's day?" before rushing over elegantly dressed. When *Squidward* sees that there is nothing left of *SpongeBob's* house save what seems to be small pebble, he starts elatedly saying goodbye to *SpongeBob*, but throws a party inside his house, with confetti and streamers flying out of his front windows. Now that the house is no longer there, *SpongeBob* says that he will have to move back in with his mom and dad. However, *Patrick* convinces *SpongeBob* to build a new house. Later, *SpongeBob* and *Patrick* attempt to build another pineapple house, but it ends up being a scale model, meaning *SpongeBob* has no choice but to move away, until *Patrick* offers to allow *SpongeBob* and *Gary* to stay at his house. When *SpongeBob* and *Gary* try to sleep, *Patrick* hogs his rock, which he and *SpongeBob* are using as a blanket, and they get into a tug-of-war. Not only does *Patrick* snore so loud that *SpongeBob* put corks in his ears, but he also begins drooling in his sleep. *SpongeBob* absorbs the drool and waddles over to *Patrick* to put a giant cork inside his mouth. Later, *Patrick* has dreams that spiders are attacking him, and hits *SpongeBob* repeatedly with the rock, crushing him. *SpongeBob* decides to sleep far away from *Patrick*, but when *Patrick* has another nightmare, he sleep-runs to where *SpongeBob* is and pounds him with his rock more before heading back to where he was and going back to sleep the way he normally does. *SpongeBob* gives up sleeping at *Patrick's* house and goes to sleep at *Squidward's*. *SpongeBob* asks *Squidward* for a glass of water, and *Squidward*, who is still half-asleep, brings him one. When they say goodnight to each other, *Squidward* suddenly wakes up and realizes that *SpongeBob* is sleeping at his house, and angrily kicks *Gary* and *SpongeBob* out, leaving both of them without a place to stay for the rest of the night. The pineapple on a plant. The next day, *Squidward* gets up early so he can see *SpongeBob* move back with his parents. When *SpongeBob's* parents arrive, *Patrick* begins crying hysterically and attempts to drag *SpongeBob's* family's car to a stop while *Squidward* starts dancing and singing. Despondent, *SpongeBob* buries the pebble from the beginning of the episode where his house used to be because it holds too many memories. He begins to tear up, and one tear falls on the spot where the pebble was planted. However, the "pebble" is actually a seed, and *SpongeBob's* tear waters the pineapple seed, which causes it to glow and creates a massive vine. This vine sprouts a new pineapple house identical to the previous one, drops it on top of *Squidward*, and retreats underground. *SpongeBob* is happy his house came back as he, his parents, and *Patrick* rush over to go inside to find everything back to where it belongs. Just before the episode closes, *SpongeBob* then goes over to tell *Squidward*, who is underneath the floor, that his house is back forever, much to the cephalopod's chagrin. Production According to *The First Season Crew On...*, on *The Complete 1st Season DVD*, *Home Sweet Pineapple* was pitched on December 11, 1998.[1] Paintings Deleted scene where *SpongeBob* walks down his stairs as the nematodes eat his house. Trivia General When the sped-up part of *SpongeBob* calling *Squidward* is slowed down, he says, "...and the walls are closing in on me, *Squidward*. *Gary* is terrified too." This episode hints at *SpongeBob* and *Patrick's* awareness of their annoyance towards *Squidward*, as *Patrick* says, "Is it time already to ruin Squid's day?" Or at least that *Patrick* is aware. *SpongeBob*, on the other hand, may not be aware, as, in the later episode "Squidville," he says, "We haven't improved *Squidward's* day yet." It is shown that *Patrick* has a hole in his home under the rock at the beginning of the episode, as do previous and future episodes, but when *SpongeBob* spends the night, it is shown that under the rock is just leveled ground and *Patrick* uses the rock as a blanket. It is also shown that *Patrick* owns a tuxedo and top hat. When *SpongeBob* and *Patrick* are fighting over who has the rock, *Gary*, who is on the top of the rock, disappears. He could have went down when *SpongeBob* and *Patrick* kept fighting over the rock. It is revealed that *Patrick* has a fear of spiders, also known as arachnophobia. In reality, arachnophobia is one of the most common fears among humans. Irony: *SpongeBob* should've exterminated the nematodes or put pesticides near his pineapple. The shot where *Squidward* suddenly opens his bloodshot eyes has become an internet meme. *Squidward's* eyes wide open. After *Squidward* angrily kicks *SpongeBob* and *Gary* out of his house, it is unknown where they take shelter for the rest of the night. When *SpongeBob* wears his cap, it is the same cap that he wore when series creator Stephen Hillenburg drew him as *SpongeBoy*. [citation needed] This is the first episode for several things: In the Polish dub, this episode is called "Nie ma jak w domu," which translates to "Home Sweet Home," the phrase that the episode's English title parodies. [citation needed] During the *Best Day Ever* marathon, this episode was paired with "Squid on Strike." [2] Cultural references This episode's title is a pun of the phrase "home sweet home." Errors When *SpongeBob* sits upon his bed, the back disappears. *SpongeBob's* visible eyelashes mistakes. When *SpongeBob* decides to call *Squidward* for help, he blinks his eyes, but his eyelashes are still seen for a split second. The same error occurs later in the episode when he asks *Squidward* permission to spend the foreseeable future at his house. *SpongeBob's* visible eyelashes mistake again. When *SpongeBob* says, "I guess I'll have to move back with my mom and dad," *Patrick's* mouth goes missing for a split second. When *SpongeBob* is stamping planks with green and red paint, his eyes, pupils and all, are shown to make a green indent on the wood despite not being colored. When *SpongeBob* is shivering, he is missing about three of his teeth, then a second later he goes back to having just two buck teeth again. When *SpongeBob* is shivering, the red line under his mouth is gone for a split second. *Patrick's* missing mouth. Before *Squidward* returns to bed after giving *SpongeBob* a glass of water, the pillow is square, only fit for one person, but when *Squidward* goes to bed with *SpongeBob*, the pillow is now suddenly rectangular and wide enough for two people. When *SpongeBob* waits for his parents, he carries his luggage even though his house and furniture were still gone. Near the end of the episode, *SpongeBob* wears his hat when he is going to plant the seed. Yet, when he plants the seed, his face is seen in close-up, but without the hat. After planting it, the hat reappears. When *Squidward* is saying goodbye to *SpongeBob*, he is taller than usual. Video References
